### *Expectations*

As stated above, WAYO is looking for artists to create designs for a tote bag. We would expect the artist to:

- Create an original design to be printed across the face of a tote bag. The design **must be 3 colors maximum.**
- Please include the tote bag material color(s) that would go best with your design
- Provide a design proposal that need not be complete; a sketch or rough outline would be acceptable as long as the overall concept and color scheme is clear.
- Understand that WAYO may request minor changes to a selected proposal before finalization
- Provide the final, completed design as a vector image (EPS or PDF) or high-resolution PSD or TIFF (300dpi minimum)
- **The artist must reside in the Greater Rochester area**

Designs should at least include "WAYO" and "104.3 FM." Additionally, a design could include "Rochester, NY," "WAYOFM.ORG," and/or the station's slogan "Way Out, Right Here" but these are not required. **The design may utilize a maximum of 3 colors.**

### *Proposal Requirements*

Applicants should provide:

- A design proposal for a tote bag (including tote color)
- Examples of past work
- Contact information (email address and phone number)

### *Compensation*

The chosen applicant will receive a **\$150** honorarium upon providing the finalized design as well as a tote of their design and a WAYO swag pack.

### *Unused Designs*

Designs that are submitted but not selected as the final design are the intellectual property of the artist and can be used for other purposes by the artist. WAYO may contact the artist of an unused design if WAYO decides to print one of their designs at a later date, at which point we would award an honorarium for the use of the design.
